

Ministry Update for the SOS Support Team !

Fruit! That is what we are experiencing these days through our local church, **Community Bible Church of Kubamitwe** (the local congregation just voted on the name!). October marked the first year anniversary of our church here in the village of Kubamitwe, pastored by our biblical training manager **Jotham Kizza**. Over the past year, we have grown to over 100 in attendance. We listen to multiple testimonies of new converts asking to be baptized. They include former drunkards, corrupt business owners, and religious hypocrites. We are overwhelmed by the soft, hungry responses for the Word of God.

The SOS Team is enjoying unity like never before.

Shannon is enjoying the freedom of delegation, as each of the four department managers are competently overseeing their areas of ministry, enabling Shannon to focus on overseeing the vision, writing conference curriculum, and building relationships with ministry partners such as the **Baptist Union of Uganda** (BUU), who has invited Shannon to train all of their pastors nationwide. What a joy to share our common passion for Christ and the furthering of His Kingdom!

Upcoming Events

The SOS Team would covet your prayers over these events, that God's Word may be proclaimed, and souls brought to Christ:

- **National Womens' Conference** – "The Highly Exalted God", December 6-10, Kampala (inaugural conference)
- **4th Annual Pastors' Conference** – "The Transformed Life" (Romans 5-8), Luweero, December 13-17

kevingthomas@msn.com

Faith Bible Church Murrieta will be sending two members in December on a short-term trip (Kevin Thomas and daughter Kaila). Please pray for fruit!! You can check their progress on their blog at www.fbc2sos.blogspot.com.

Prayer Requests

The SOS Team would covet your prayers for:

- Weekly Bible Studies held at SOS for men and women of the surrounding villages
- Weekly counseling sessions with church members over struggling marriages and addictions
- Weekly discipleship meetings held in different areas of the community by church members
- Prayer and financial support for SOS Ministries, that God would provide for the abundance of ministry opportunities **(if you are looking for an opportunity for a heavenly investment, please consider helping SOS Ministries and the people of Uganda. December and January are very expensive months for our organization!)**
- The relationship with BUU would continue to be strengthened
- That the entire SOS family would love Christ even more
- Fruit from the upcoming Conferences and community outreach

Long Range Vision for SOS Ministries

The Lord willing, SOS Ministries will continue to grow in scope and impact upon the people of Uganda. The long-range vision for SOS Ministries includes transforming their Luweero headquarters into a Bible training school to serve the pastors of Uganda and primary and secondary schools to serve their community. We rest on the promises and provision of God:

*"But my **God** shall supply all your need according to his riches in glory by Christ Jesus."* (Philippians 4:19)

SOS Ministries is seeking prayer and financial partners for monthly support, and for the long-range building plan. Please contact Shannon or visit the SOS website for more information.

God Bless,

Shannon, Danielle and family

EMAIL LIST UPDATE !! Please help us by sharing this newsletter. Email Kevin with any email address additions or corrections. Thank You!!
